Workshop

REHABILITATION FOR PATIENTS WITH RHEUMATIC DISEASES IN THE FUTURE PERSPECTIVE

Aim of the workshop:
- To illuminate the challenges and possibilities of future rehabilitation within rheumatology

Chair: Carina Thorstensson, Gothenburg, Sweden

Topics of discussion:
- What are the challenges and possibilities in future of rehabilitation within rheumatology?
- How can the patients be more involved than today in the rehabilitation?
- How can we collaborate more effectively than today among the professions within rheumatology?
- How can we use the technology more than today within the rehabilitation?

Introduction: Christina Opava, Stockholm, Sweden

Discussion partners: Inger Tollefsrud, Lillehammer, Norway, Trine Seneca, Århus, Denmark and Åsa Revenäs, Stockholm, Sweden
